

PLAY IT FORWARD

FOR TIFFIN

www.tiffinschool.co.uk/playitforward

FROM THE HEADTEACHER

I am excited to introduce our new fundraising campaign, Play it Forward, which marks the start of the Tiffin 150 evolution of our school facilities (more to follow). This initiative aims to raise funds for the **development of a new state-of-the-art sports area** on our school grounds. This facility will provide our students with increased space and equipment they need to stay active, develop essential teamwork and leadership skills, and improve their physical fitness. With this new area, we will be able to host more sports events, encourage participation in extracurricular activities, and ultimately help our students achieve their full potential. It will also offer a valuable alternative when poor weather impacts Grist's usability.

The planned upgrade will also significantly enhance the play space able to be used at every break and lunchtime, **improving the School for every single student**. This is an investment in happier, healthier (and less muddy!) breaks for generations of students to come.

However, this new development is not just about the immediate benefits for our current students—it's **also about creating a lasting legacy**. Thanks to the past generosity of Alumni like yourself, we have been able to offer many of the facilities and opportunities that our students enjoy today, including the existing 3G pitch, the Sixth Form Centre, the Learning Resource Centre and our state of the art canteen.

Our goal is to raise £100,000 for the new sports area, which will in turn provide an additional £90,000 annually through lettings to reinvest into the school's future. This amount will help ensure that our school remains a leader in academic excellence and provides our students with even more opportunities to excel in every area of their lives. **We are planning to have completed the build of this new facility by Autumn 2025** - the impact of your support will be immediate.

The Play it Forward campaign is your chance to give to the next generation of students, continuing the cycle of support and giving that has made Tiffin the exceptional place it is.

WHAT WILL THE NEW DEVELOPMENT INCLUDE?

*With your
support, coming
Autumn 2025*

- New floodlit 3G pitch alongside our existing 3G pitch
- New hard play area including netball court and spectator area
- New long jump area
- Relocation of cricket nets

HOW WILL THIS BENEFIT THE TIFFIN COMMUNITY?

- New sports facilities for students, Alumni and the wider community
- Significantly improved recreation area for break and lunchtimes which will impact every student now and in future
- Alternative sports area for when Grist is impacted by poor weather
- New source of considerable long-term income for the School

PLAY IT FORWARD

Thanks to an incredibly generous donation from a member of our Alumni community, we are already on the way to meeting the cost of the new 3G pitch, hard play area, spectator area and relocation of cricket nets.

Can you play it forward and take us over the finish line? With your help, this exceptional new facility will be ready to use from Autumn 2025.
